Dance, the non-verbal communication acknowledged by its aesthetic and symbolic values that the performers convey to indulge those watching and vicariously experiencing it. The actions profoundly try to exhibit our existing culture through distinct styles. Have u ever wondered how often your thoughts contradict your actions? How your feelings oppose your principles and beliefs? These counteracts when recognized, creates a new phase to evolve the execution of the desired upshot. The ability "to point a finger at contradictions" characterises cognition crisis , but the cognition critics don't escape contradictions either. "PARADOX" on the whole aspires to explore, create and celebrate your own contradictions in your movements.
